

ASSIGNMENT CHECKLIST PERSONAL RESPONSIBILITY

The Office of Institutional Effectiveness & Evaluation (OIEE) designed the Personal Responsibility Assignment Checklist to aid instructors in selecting and/or designing an assignment for Core Curriculum Assessment. The assignment design should ensure that the artifacts (student-produced work) submitted for assessment demonstrate the core objective of Personal Responsibility. The related rubric criteria are identified in the parentheses.

THE ASSIGNMENT DIRECTS STUDENTS TO:

- Identify an ethical issue (Identification of Ethical Issue)
- Explain the context/environment of the ethical issue (Identification of Ethical Issue)
- Identify a position on an ethical issue OR identify another parties' position on an ethical issue (Position)
- Explain the identified position (Position)
- Explain consequence(s) of the position (Consequences)

ADDITIONAL SUPPORT

Instructors are encouraged to review the Personal Responsibility Rubric and the technical details of submitting artifacts on the OIEE website (assessment.tamu.edu/core). Contact assessment@tamu.edu for assistance in assignment design, review, and submission.

Questions can be directed to the Office of Institutional Effectiveness & Evaluation.
